Timber Queensland associate membership

Looking for direct access to your target market?

Join Timber Queensland to stay current on developments in the industry, to develop productive relationships with industry professionals, and to increase the visibility of your organization within the timber industry.

Associate Member Benefits

Information

Timber Queensland associate members are provided an array of information on the timber industry. You will receive complimentary subscriptions to *Timber Talk* (fortnightly newsletter) and *Timber Design* (quarterly publication). As a Timber Queensland associate member, you also have ready access to Timber Queensland's staff of industry specialists for tracking and analysing critical industry issues.

Access

By attending Timber Queensland events you will gain access to and develop relationships with key industry stakeholders and influencers. Associate members also have access to Timber Queensland's database for direct mail campaigns. Simply provide us with your marketing material and we will facilitate disbursement.

Exposure

Timber Queensland associate members gain visibility with membership. All new associate members are profiled in a press release and in *Timber Talk* on a rotational basis. Your organization will also be listed on the Timber Queensland associate member section of www.timberqueensland.com.au. Membership brings other opportunities to raise your organization's visibility among Timber Queensland's members as well including:

First right of refusal and member discount for sponsorship of Timber Queensland events:

- **Talk Timber Seminars** – an annual metropolitan and regional seminar roadshow that attracts over 700 builders, architects, engineers, designers and other industry stakeholders (members and non-members).
- **Divisional Meetings** – member forums are held twice a year for each division, including Fabricators, Loggers, Treaters, Hardwood, Cypress, Araucaria and Exotic Pine.
- **Workshops** – workshops on Workplace Health & Safety, Energy & Water and other topical issues are held at regular intervals (members).
- **Occasional Conferences/Seminars** – one to two day events focusing on issues confronting the timber industry eg Emissions Trading or for a specific industry sector eg Hardwood (members and non-members).

Plus associate members have first right of refusal and member discount to place advertising in any Timber Queensland publications.

Timber recycles carbon

In addition to direct access to your key target markets Timber Queensland provides:

- Fortnightly "Timber Talk" e-Bulletin featuring up-to-date **information** on policy development, technical information, industry growth and insider knowledge.
- Access to personalised **assistance** and **advice** on industry issues affecting your business.
- Ongoing **technical support** including advice on the correct application of timber, site inspections and comments on grade compliance.
- A members-only website providing 24 hour **access** to technical information, industry comment and training.
- **Technical Data Sheets** (31) covering a broad range of technical specification and use issues.
- **Discounted rates** for technical publications in our online shop.
- Participation in regional **meetings** and industry discussion **forums**.
- Online workplace health and safety advice and **templates**.
- Discounted rates for membership of **Chamber of Commerce & Industry Queensland** which offers advice on awards management, human resource management, employment law, workplace/industrial relations, international trade services and training opportunities.
